

Foundation Stage Weekly Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 19
3rd February 2017

Continuing the Learning Journey!!

This week we have had lots of science fun! The children have been getting messy experimenting, investigating and testing out ideas.

- The children investigated how sound travels.
- Predicted, explored and recorded items that float or sink.
- Watched a volcano erupt (closely supervised by Scientist Mount!)
- Charmed a snake using a metal paper clip and magnets.
- Explored colour mixing and examined how the texture of cornflour changes when water is added.
- Belle from Sublime Science demonstrated lots of fascinating experiments!
- Created bubbling lava lamps.

Focus on Learning

Cooking and Malleable play

If possible, we would really appreciate a voluntary contribution of £2 to cover the cost of ingredients.

Many thanks for the donations so far!

Special Star Learners

Blake – for taking turns and sharing ideas when building and constructing!

Harry – for being so enthusiastic and eager during Read, Write, Inc!

Information for Families

Parents Evening is on Tuesday 21st and Thursday 23rd February, please make sure that you have made an appointment to see me.

Keyrings are causing a bit of a problem in class; some children have so many attached to their book bag that the bags are getting stuck in their trays. Just one small key ring is sufficient.

Many thanks, The Chestnut Team
