

Foundation Stage Weekly Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 16
18th January 2019

Continuing the Learning Journey!!

We have had such a busy time in Chestnut Class this week. In Read, Write, Inc we have almost finished the set one speed sounds. From next week we shall be splitting into two groups to embed and consolidate learning.

This week's learning focus:

- We had another multi skills session, this time outside with Mr Seuke. We built upon our previous lesson of balancing and throwing beanbags. Please ensure PE kits are in school.
- In maths the children have been adding two lots of objects. We discussed the addition and equals sign in great detail!
- The role play Zoo is still very busy. We are lacking animals though. If you have any from home you could spare please let us know.

Focus on Learning

Next week we will be making healthy sandwiches and writing simple instructions.

Thank you for your cooking money contributions 😊

As animals is our topic please relate this to 'Show and Tell' on Friday - no toys please.

Special Stars

Jamimah – for always being kind and caring to friends!

Ethan – for always persevering when solving problems!

Information for Families

Reading is so important. We read with the children throughout the day and specifically during Read Write Inc. Please help your child's ability to progress further by reading with them as often as possible and commenting in the yellow reading record.

Many thanks,
The Chestnut Team
