

# Foundation Stage Weekly Learning Letter

Ongar Place Primary School, Addlestone, Surrey O1932 842785

Issue Number 17  
20<sup>th</sup> January 2017

## Continuing the Learning Journey!!

Last week we were learning about Africa and in music with Mrs Meyer the children explored some African instruments. This week we have been clapping musical patterns and looking at music symbols.

### This week's learning focus:

- This week the children have been learning about animal's skin. The children had to look carefully at different types of fur and skin and decide what animal it belonged to.
- In maths we have been solving more addition and some subtraction problems!
- We have been programming the Beebot toys and using the Beebot app on the iPads to follow directions.
- The children have used clay to create their own animals and next week they will paint them.

## Focus on Learning

This week I assessed all of the children's reading ability. I have commented in your child's reading record how they got on. We can discuss this further during parents evening. I would like to say a big **thank you** to the parents that read and complete the speed sounds book activities on a regular basis. This really does help to support your child's learning at school.

*Next week we will be making (and eating!) healthy sandwiches.*

## Special Star Learners

**Isabelle – for her amazing learning conversations about Talk Boost!**

**Isaac – for following music patterns so brilliantly!**

## Information for Families

The PTFA have organised for an organisation called 'Bag 2 School' to collect good quality second hand clothing and in return they will give us money for school. The bags and more information on this will be sent out next week, get sorting those old clothes out!

Many thanks,  
The Chestnut Team
