

# Foundation Stage Weekly Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 3  
23<sup>rd</sup> September 2015

## Beginning the Learning Journey!!

The children are making great use of the learning areas in our class and in the garden area. There are many strong friendships forming and the children are getting used to the routines of school life.

Next Friday is European Day of Languages and we have decided to learn about France. I have planned for the children to learn a new French song, sample some French food (croissants!) and we are going to have our very own Tour de France! A letter explaining this in more detail will be sent out on Monday.

'Well-being' week has been a huge success! As well as cooking, singing and chillaxing in the 'reflection room' the children met Pete the Poet, a vet from PDSA, guide dogs Charlie and Rosie and they visited the 'Life Bus'!

## Focus on Learning

*Don't forget to bring in a photograph of your child when they were younger to form part of discussion and a classroom display, thank you if you already have.*

*PLEASE help us help your children become more independent. Lots of the children are struggling to undress and dress themselves, eat with a knife and fork and wipe themselves after using the toilet. By practising these skills at home it makes life much easier for them at school.*

## Special Star Learners

**Sofia – for her wonderful singing!**

**Ella K – For being super speedy at getting dressed for PE!**

## Information for Families

Swimming will take place on Thursday mornings from 9.30am. If you are able to help please let us know and fill in a DBS form. We have very few volunteers at the moment and are desperate for extra help.

Many thanks,  
The Chestnut Team
