

Ongar Place Primary School, Addlestone, Surrey 01932 842785

12th May 2017

Firstly, thank you for all your support with the assembly last week. We thoroughly enjoyed all the practising and hope you enjoyed the show!

Our Learning Journey

In maths we've spent time learning our place value in various ways, including plastiscene!

We're on the hunt for nursery rhymes. We have shared those that we already know with our friends and we've learnt some new ones too. Some including actions! Ask us to show you. We've also been learning about verbs, and playing charades to guess which verb...

In science we have experimented with growing cress in different environments: In the dark and in the sunshine. We observed the changes and recorded this in our diaries, just like real scientists!

★ Star learner this week is...

Shyanne!

You have been trying hard to be patient with yourself and to play gentle games with your friends on the playground. This week you have all had great fun outside.

Well done Shyanne!

Reminders

Named uniform:

Please ensure all names are clearly written or stitched into uniform. We do our best to keep track of it but when jumpers are removed on the playground it can be tricky to get them back to you without a name!

PE Kits:

Please send your child's PE kit to us in a bag so we can keep it on their peg. Swimming goes home each week at the end of the day on Wednesday.

*Many thanks,
Mrs MacCormack*
