

Governor Monitoring Form

Governor Name: Clare Hale
Date of Visit: 18/01/17
Purpose of Monitoring: Observation of Learning Outcomes
Format of Monitoring: Class Assembly
Report of Observations or Discussions: I attended the Yr 6 Class Assembly in January. The whole class were involved, each individual having suitable and equal parts to play. They very much enjoyed sharing news of their learning so far in Yr 6 and they did this through reports and short sketches. They also showed the audience short films they had made in class and played a song on Guitars and Bongos! They recounted their excitement of Science week and their general enthusiasm about the year so far. Well constructed and delivered.
Links to Success Criteria in School Development or Other Positive Comments: They are all clearly progressing well, enjoy school, have learnt a lot on a variety of topics and are encouraged to embrace and develop their own individual skills and strengths.
Actions or Questions Arising:
Suggestion for future monitoring activity: Perhaps one or two members of the class could submit a short report about their learning so far or about the process of putting together a class assembly.
Date sent to Head Teacher and Clerk: 10/03/17
Other comments following presentation at Committee
