

## Governor Monitoring Form

Governor Name:	KAREN OSBORNE
Date of Visit:	31/01/2017
Purpose of Monitoring:	Observe whole school Science Day
Format of Monitoring:	walk round the school with the DM. Angela Pirie
Report of Observations or Discussions:	Observed all classes except Yr 6 who had a sports lesson. Activities were age appropriate & all children were fully engaged. One class were experiencing a demonstration by an outside provider. Children were keen to discuss their experiences from lava lamps in Reception to making "putty" in year 3. There was a tangible sense of excitement through the school, but behaviour remained excellent.
Links to Success Criteria in School Development or Other Positive Comments:	From SDP 2016-17 "Children are engaged and motivated through excellent choice, provision & personalisation in all curriculum areas." Feedback will be given to parents via the Head Teachers' weekly letter "Headlines". There will be an achievement assembly & boards in the school hall.
Actions or Questions Arising:	Look at the development of Science teaching within the curriculum. What are the goals for the year?
Suggestion for future monitoring activity:	Talk to the curriculum group responsible for science.
Date sent to Headteacher and Clerk:	28 FEB 2017
Other comments following presentation at Committee
