

# Science Headlines

3<sup>rd</sup> February 2017

Dear Parents,

Ongar Place had such a fantastic two days of Science on Tuesday and Wednesday. This week's Headlines is a special Science edition to show you all the learning fun!

## Chestnuts

The children were very impressed with Belle from Sublime Science and they helped pop smoke filled bubbles!

## Year 1

"We made our own goo during the science workshop. You had to mould it into the shape of a ball and put it into the fridge when we got home, then it turned into a bouncy ball!"

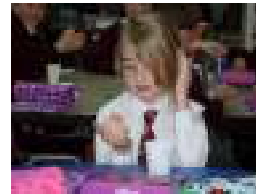

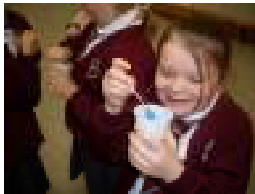

## Year 2

We heated different things (chocolate, cheese, corn, wax and bread) to see how they changed. "It was the best week ever – can we do this every week?"

## Year 3

Year 3 investigated food and nutrition

## Year 4

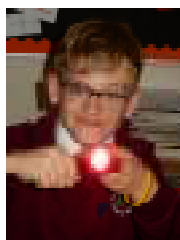

Year 4 had a great time with slime and music

## Year 5

Year 5 had a fantastic time making and testing toothpaste. We all love having clean teeth!

## Year 6

Year 6 have explored light. They looked for colour in nature and plants. They explored colours within light and how light moves.

## Dates

Wednesday 8 <sup>th</sup> – 10 <sup>th</sup> February	High Ashurst
Friday 10 <sup>th</sup> February	PTFA Pamper Evening
13 <sup>th</sup> -17 <sup>th</sup> February	Half Term
