

# YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

2<sup>nd</sup> February 2018

## Our Learning Journey

Children are still monitoring the weather closely. We have also started planning our design for a rain gauge by listing what is needed to make the device. Children have drawn a picture and labelled it.

During maths, we have focussed our attention on number lines and number bonds to 10. We have been working with low numbers and have started to solve word problems.

During science, the children have researched several different animals and have started classifying them into mammals and birds only. We have linked this to our English learning by investigating and comparing the features of an owl and a fox. Children have started to write the beginning of their adapted stories of The Gruffalo's Child which describe animals of their choice and they are including many adjectives to make our stories more interesting to read.

## Focus on Learning

In phonics we are exploring words that contain the different pronunciation of "u" as in "jump" and "pull". We are continually practising our joined up writing when spelling.

Our Kandinsky inspired artwork is on display on our classroom windows for parents to enjoy. We plan on creating collages next half term. Focus will be on maths again next week as the children explore number bonds to 10, greater than / less than symbols, word problems and several other problem solving and reasoning activities.

During Science, we will make our rain gauges and we will complete our adapted stories during English.

## Star Learner!

**Emily** for the progress she has made since the start of Year 1. Emily has shown an amazing amount of perseverance and she is a keen learner. Well done **Emily!**

## REMINDERS

- ✓ Please could all children have warm PE kit in school such as tracksuit pants and a warm fleece jumper
- ✓ Please could all children have a water bottle in class each day
- ✓ Request: we will be making rain gauges for our outdoor area. If you have an empty plastic soda bottle could you please bring it in
- ✓ Last day of half term: 9<sup>th</sup> February 2018

Many thanks,  
Mrs Marwick
