

# YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

10<sup>th</sup> November 2017

## Our Learning Journey

This week we looked at the story of Cinderella because sometimes "c" can make the "s" sound. At the beginning of the week in literacy, children were working in teams to sequence the story of Cinderella which lead us to being prepared for our Family Learning Session because children were asked to write about the beginning of the story, the middle and the end. They also had an opportunity to consider "If I had a Fairy Godmother, what would I wish for?". Our maths learning included measuring real pumpkins (special thank you to mum who brought them in), sorting and ordering the pumpkins into hoops and building Cinderella's castle out of 3D shapes.

Everyone seemed really engaged in their learning and I would like to thank you for the positive feedback received.

We have also introduced Cedric Cedar to the class. He will go home with a child each night and be carrying his diary under his arm. Good luck!

## Focus on Learning

Our next phase in the phonics programme has begun and children are continually searching for these sounds in our many books that we have read together. Home learning will be sent out again on Friday which includes a poem to read as I would like the children to revisit the "ng" sound.

We will be moving swiftly on to the story of Hansel and Gretel next week and we hope to have our house that the three little pigs built "renovated". In maths, we are looking at one more than, one less than. During science, we are learning about deciduous and evergreen trees.

### Star Learner!

Our star learner this week is **Jennafer!!**

I am amazed at the progress she has made in her reading. She is using the pictures to give her clues, she is following the words on the page with her finger and she is sounding out.

Keep reading **Jennafer** and the rewards will follow. Well done.

### REMINDERS

- ✓ Full PE kit permanently in class
- ✓ Christmas Card order forms are coming home today. Please return to school by **Thursday the 16<sup>th</sup> November 2017**
- ✓ Children with words in our Nativity need to keep practising. Thank you.

Many thanks,
