13th January 2016

Thank you for your toy donations, we appreciate it is hard to part with our prized possessions but it is lovely to give another child the chance to enjoy them!

Our Learning Journey

This week we've spent some time recapping time - keep asking us at home; it helps support our learning. We've moved on to looking at pictograms and block charts. Some of us had great fun measuring Mrs. MacCormacks favourite toys...

We've had a focus on handwriting this week: Some of us have picked up a few bad habits so we are practicing our ground, grass and sky lettering to get back on top of things. We've also worked hard on our finger spaces!

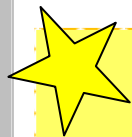

We've had a bit of global news and weather reporting this week, next week we will hone in on Cedar News UK...

Our new book focus is 'The Gruffalo's Child'. We have worked on a collaborative adaptation and written this up remembering our beginning, middle and endings. Mrs. MacCormack loved our writing stamina... Some of us even had to overcome our first 'writer's block'!

We know the Gruffalo's child needs a close friend to keep her company as she explores the woods alone, so we made some of our own...

Star learner this week is...

Kieran!

Your enthusiasm for learning handwriting is infectious and you have approached all your learning with a smile this week, it's great to see you enjoy yourself.

Well done Kieran!

Reminders to Families

Phonics and Handwriting: This term we have a focus on both so please keep an eye on home learning books for activities

Please bring in:

- A photograph or drawing of a pet or a house animal
- Cylinders e.g. kitchen rolls, bottle lids, chunky buttons, etc.

Many thanks,
Mrs MacCormack
