

YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

13th October 2017

Our Learning Journey

We have experienced another fabulous sporting week which has included footpooool, swimming, skipping and music.

During Science, we traced around our bodies and labelled all the different parts. We also took a closer look at our heads and labelled features like eyebrows, freckles, teeth and tongue. We learnt about our 5 senses and which body part they are associated with. On Friday, the children will learn about mouth hygiene and the importance of brushing their teeth.

Focus on Learning

We will attempt to complete our houses made out of recycled materials.

During English, we will be exploring our school playground and using all our senses to gather as much information as we can about Autumn. We will try to compose sentences orally before writing them. During maths, we will be looking at various shapes. We are also creating an Autumn mosaic masterpiece as a whole class for our new art gallery in our cloakroom.

Star Learner!

All children in Cedar Class are STAR learners this week as they have participated in each event with enthusiasm and shown immense perseverance in trying out new sports and succeeding. They have also been supporters and team players.

Very proud!!

REMINDERS

- ✓ Swimming kit to be in on Thursdays.
- ✓ Parent evening on Tuesday and Thursday.
- ✓ Break up day on Friday.

Many thanks,
Mrs Marwick
