Wow, what a crazy week! We've built London in a day, travelled to China, and visited Royalty! Here's a brief history of the week in (mostly) photographs....

## Our Learning Journey

We've made London. We're ready to play crazy golf with it now...

## Upcycled London!

We've continued to read *Mulan* and learn about history and current times in China. We even wrote our own postcards to tell you all about our visit! Wish you were here!

## China

We spotted Chinese speak in Mandarin and write using pictures. Here's our ancient scrolls...

1. First dab with sponge 2. Second, blend 3. Paint on your symbols

## Chinese art and writing

And of course, we played Kings and Queens for the day in Hampton Court Palace. Turn over to see more of our antics on the day...
