

YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

14th October 2016

This week is our celebration of Harvest Festival. We thank you all for your donations and hope you have enjoyed the week. If you couldn't make it to the assembly then ask your child to sing their 'Cauliflour Fluffy' song - they really enjoyed this number!

Our Learning Journey

This week we have been practicing our estimating skills. We've been guessing how much 'stuff' Mrs MacCormack keeps around the classroom: from how many dice, teddies and objects we have in the drawers, to how many marbles we have in our Golden Time pot! Some of us know how to tally our numbers too.

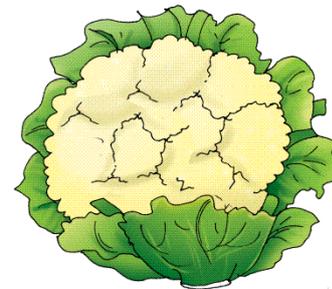

In P.E. we have been practicing our tightrope walking. We know we can use our arms to help us and that keeping on the balls of our feet is also a handy trick. We have also helped each other by playing 'Mirror - Mirror'...

Our class is full of poets and actors! Mrs MacCormack was really impressed at how well we all remembered our lines for our poem: Autumn Is Here. We have such powerful voices!

We hope you made it in to see us. If you didn't then please ask us to recite our 'Cauliflour Fluffy' song (with actions!) as we enjoyed singing!

Star learner this week is...

Tia

Tia has been practicing her 'Thank you for listening' for the Harvest Festival this week and does an amazing job projecting her voice with a big smile on her face, always sitting beautifully too!

Well done Tia!

Reminders to Families

Thank you for your recycling! We will be getting crafty with it soon. Watch this space...

Home Learning: As an introduction to home learning we have some relaxed homework this week. The children are beginning to tell the differences between flats, bungalows, house-boats, terraces, detached houses. See if they can spot any over the weekend and can come in and share with each other on Monday! (No written work)

Many thanks,
Mrs MacCormack
