16th June 2017

Only photos will do the last couple of weeks' learning justice! Enjoy...

Our Learning Journey

We took a day out to learn like the French... we learnt some language basics, tasted local food, and painted like Monet!

We tasted Macarons... Mmmm!

How we greet people in French...

And using body language!

Masking paper & paint...

Collage...

Crayon and watercolour wash...

We've continued to practise phonics...

We've been making alien words...

We have been using the scales to balance number sentences, we know what 'equal' really means now!

Star learner this week is...

Everyone in Cedar class!

This week the whole class have shown such enthusiasm for the daily challenges, whether eating healthily or being active, that they have earned themselves a well-deserved Golden time!

Well done all of you!

Reminders

Home learning

Using your online research skills, write down 3 questions you would like to find the answer to about Hampton Court Palace. Bring these in with you next week!

Many thanks,
Mrs MacCormack

26th May 2017

We've also been learning tennis, and even watched how the professionals do it...we'll get there one day!

And had an amazing time learning all about healthy eating and wellbeing. We just loved the 'get active' challenges...

We've realised, after all these activities that it's important to build in some time for relaxation and reflection... and a bit of cloud spotting!

But our most exciting activity of this week by far... was experiencing eating 'An Extraordinary Apple'. We read a book about how to eat mindfully and we all ate the most yummy apple we've ever had. Even those of us that said we disliked apples!

We hope you have all enjoyed our photos! Ask us and we can tell you all the details!
