

YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

17th March 2017

This week has been jam packed with activities. To save you reading all about it, we've included lots of photos that explain themselves! Enjoy!

Our Learning Journey

In maths we've been practising doubling, halving and times tables arrays (5's and 2's)...

We've learnt about the Eatwell Guide and practised using our senses to describe what we've eaten...

Our bodies have played a huge part of all our learning this week from PE to Science and Art. We used our palms and lines of our hands to make stamps for our printing. We also experimented with different printing techniques...

Spring has sprung, and we've been exploring signs of life. We've also noticed the change in the weather; the sun is finally making an appearance!

Interhouse day went down a storm. All the real PE we've worked on for the last term has paid off. Here's us in action!

Star learner this week is...

Charlotte!

Charlotte has shown us all how to be brave and overcome our fears this week; from a bee in the hall, through to being an amazing team member in Interhouse Day!

Well done Charlotte!

Reminders

Tea Party:

On the last Thursday of term we will be holding a tea party from 3pm. We hope you've received your invites and that the person your child chose to invite can attend. Any problems or changes just let me know!

*Many thanks,
Mrs MacCormack*
