

YEAR 1 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

24th February 2017

Welcome back to the second half of our spring term! It's been great to hear what you've all been up to over half-term.

Our Learning Journey

Beware! We've had a break in. Using our detective skills we discovered it was a Tiger; but not just any tiger, The Tiger that came to Tea! We've been learning about the needs of different animals and inviting them to afternoon tea...

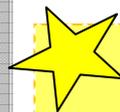

We've explored the school estimating and measuring things; we now know that we all have different sized feet even though we are all in the same year.

PE has been focused on balance and agility this week as we have practiced aiming, throwing, and balancing objects whilst moving. We particularly loved playing bunnies and trying to catch each others' tails, thinking and moving with agility!

We've practised different techniques in art this week, from learning about Pop Art and painting on newspaper using bold colours, dots and lines like Lichtenstein; through to how to use tracing paper and create Warhol-inspired animal artwork.

Star learner this week is...

Poppy!

This week you've persevered and put great effort into your learning. You've shown us how much you can enjoy it too!

Well done Poppy!

Reminders

Parent helpers needed for storytelling!

World Book Day is next Thursday 2nd: If you love to read then please drop in from 9-9:30 to share your favourite story with us.

Home learning:

You all deserved a break over half-term, so now home learning is back! Please keep their books this week to record the weather: The children know how to do it but you will need to keep the books all week to record in. *Please return on Thursday morning.*

Tea Party:

On the last Thursday of term we will be holding a tea party from 3pm. Due to space restrictions children have been encouraged to invite just one special person; we apologise we cannot fit more of you in the classroom! Over the next few weeks children will be planning and making the menus and invites, so keep your eyes peeled.

Many thanks,
Mrs MacCormack
