

Ongar Place Primary School, Addlestone, Surrey 01932 842785

28th April 2017

We've had a fantastic week practising our assembly and can't wait to share it with you all next Wednesday morning!

Our Learning Journey

In maths we've spent time exploring our 100-squares and recognising coins. We have practised counting on and back in 1's and 10's using them...

We have discussed how important online safety is, but along with that we also know we need to be patient and respectful of our online friends.

We loved learning the story of The King and his greedy brothers. We worked in pairs to resolve their problem... Ask us and we can tell you the story and how we worked together, with patience!

We know that we all have positive traits that make us good friends to each other. We also know patience is one of the most important things to practise to be a good friend. When we need to be patient and calm we think of things that make us smile. We've made these into stained-glass style windows to remind us at school...

Star learner this week is...

Mia!

You have done an amazing job projecting your voice in singing and storytelling this week. It's lovely to see you enjoy your performance practise so much!

Well done Mia!

Reminders

Assembly:

Next Wednesday (3rd May) is our class assembly. We hope you'll be able to join us at 9:15!

Important dates next week:

Monday is bank holiday and Thursday the school is closed for a polling day. Please do not bring your child to school on these days!

Many thanks,
Mrs MacCormack
