

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

8th March 2019

Learning Journey

We have had a great week! We have started writing the script for and practising our assembly.

In English we have been learning about the features of non-fiction books and using fact files to find information about Arctic animals.

In Maths we have been dividing by grouping objects. We have found that our times tables have really helped us to divide.

In PE this week we choose equipment and designed our own game thinking about the skill we were practising and how we could challenge ourselves further. We came up with some super ideas.

Star Learners

Well done to Jamie and Sophia who used known multiplication facts to help them solve division calculations this week.

Next Week

We will use the information we have discovered about Arctic animals to create our own fact files.

In Maths we will be using grouping and sharing to solve division problems.

Information for Families

Thank you for all the support you gave children in completing their projects. They are fantastic and we have enjoyed sharing them in class.

Next Friday is Red Nose Day. Year 2 will be at Birdworld. They may still wear red mufti if they wish but please bear in mind that we will be outside for most of the day and doing a lot of walking.

Friday 15th March
Birdworld trip

Wednesday 20th March 9.15am
Class assembly
