

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

9th March 2018

Learning Journey

We have had a great week! Rehearsals for our class assembly are going well and we can't wait to share it with you on Wednesday.

In English we have been learning about the features of non-fiction books and using fact files to find information about Arctic animals.

In Maths we have been practising halving and doubling numbers. We have also begun to identify halves and quarters of shapes and to count in halves and quarters.

In Art we have explored traditional Inuit artwork and created our own designs in this style.

Our Values

This half term our value is **compassion**. In class we talked about how our acts can fill or empty the imaginary buckets we all carry with us. We thought about the different ways we can show compassion and be bucket fillers for the people around us.

Star Learners

Maya and Justin remembered and were able to explain the two reasons for using an apostrophe in writing.

Well done!

Next Week

Next week we will continue with our learning about fractions and begin to find fractions of amounts. In computing we are going to be learning about how to control a sprite using algorithms.

Information for Families

Thank you for all the support you gave children in completing their Frozen projects. They are fantastic and we have enjoyed sharing them in class.

Wednesday 14th March 9.15am
Class assembly

Wishing all our Rowan mums a very 'Happy Mother's Day'.
