

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

10th February 2017

Learning Journey

We enjoyed PE this week practising static balances. At first we found it very easy as we were allowed to have our bottoms, hands and feet on the floor, but it got quite tricky when we had to try and balance with our hands and feet in the air! We tried hard to hold our balance for 10 seconds and found it easier if we bent our legs, keeping our legs straight and up was so hard. We played a game passing a ball around a circle whilst holding our balance, it was fun!

Emma, Simmy, Molly,
Lilly-Rose, Lola, Harrison
and Nic show off their
skills!

In English we took inspiration from 'The Diary of a Wombat' story that we have been reading to write recounts of other animals' days. We used the internet and books to research what the animals days would be like.

Our frozen small worlds are finished and look fab! We will use them after the holiday to film some stop motion animations.

Star Learners

Well done Oliver and Lola for your super maths this week. You were able to find the difference between 2 numbers by counting up from the smallest to the biggest.

We are very sad to say goodbye to Mrs Marwick for half a term as she goes to another school to experience life in year 3. We will miss her a lot but wish her lots of luck with her new class. Mrs Marwick will be back with us after Easter.

Information for Families

Happy half term! Thank you for your continuing support, we hope you have a lovely break.
