

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

11th October 2018

Learning Journey

This week has been very busy in Year 2 with lots of exciting learning happening.

We all enjoyed making healthy pizzas as part of our DT learning. First we made the dough and were amazed at how the yeast made it rise. After kneading and resting the dough we added our ingredients and baked the pizzas. They all looked delicious.

In English we wrote instructions about how to make pizza, checking we put all the steps in the correct order.

In Science we have been learning about the different food groups and why they are important to our health. We have identified different some of the food groups in our lunches and talked about how much of each group is healthy for us.

Star Learner

Theo tried lots of new toppings on his pizza this week.
Well done!

Next week we will be learning about the four different types of sentence - statements, questions, commands and exclamations. We will practise identifying these and composing our own sentences.

In Maths we will continue to develop strategies for adding and subtracting numbers.

In Science we will be considering the impact of exercise on our bodies and thinking about how we can take care of our hearts.

Information for Families

We are looking forward to seeing you next week at Parents' evening.
