

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

16th June 2017

Learning Journey

Children have enjoyed a wonderful week learning about healthy eating.

In English and Maths, we have linked a lot of our learning to healthy eating by writing acrostic poems, we have designed our own fruit smoothies, collected data about our favourite foods in each of the 5 food groups, revisited arrays using images of healthy food and we have made "tip top tuna tarts".

In art, we experimented with water colours to paint an image of strawberries and yellow peppers. Some of the children have also enjoyed a multi-sports event at Sayes Court.

"I am going to be an author, a teacher or a chef" - Lola

"I am giving my tuna tart to my sister....I might try it...actually I will taste it" - James

Star Learners

We are extremely proud of all our children and how mature and sensible they all were whilst cooking in our new kitchen. We hope to plan some more cooking before ending our fantastic year together.

Next Week

In English we will spend the week looking at poetry. We will be writing our own calligrams and shape poems.

In Maths we will revisit multiplication and division.

In art we will be working as a class to create a large mural of St Pauls Cathedral.

Information for Families

Our KS 1 Sports Day is in the diary for 21st June 2017. Please ensure children have a sun hat, PE kit, sun cream and a bottle of water.
