

# Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

17<sup>th</sup> November 2017

## Our Learning Journey

In English this week we have been reading and writing instructions. We used bossy verbs and time connectives to help us structure our work carefully. Today we used some of our instructions to help us make our own 'Superhero' pizzas.

In Maths we have been using tally marks to record data and creating our own pictograms and bar graphs. We especially enjoyed making a graph about the different coloured skittles in a packet.

In Science we have been investigating different materials and their properties. We went for a walk around school to identify the materials used in the building and thought about why they are suited for their function.

## Star Learners

Our star learners this week are Lucas F and Nathan for showing great concentration and determination when sewing their superhero badges.

Next week we will be learning about how multiplication works in Maths and solving calculations involving our 2, 5 and 10 times tables.

In English we will be writing our own list poems.

We will also be learning about the features of an email and thinking about how to send emails safely.

## Information for Families

The PTFA Children's shopping day is on Thursday 23<sup>rd</sup> November.

Please send your child's costume for the Nativity into school by Friday 24<sup>th</sup> November. If you have any problems with this, please come and speak to one of us.
