

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

20th January 2017

Learning Journey

We enjoyed writing our fantasy stories in English this week. We tried really hard to include the descriptive writing we have been learning about.

In maths we have continued to learn about money. We went shopping and had to add different amounts of money together and work out how much change we would get.

We had fun in PE doing lots of jumping. We practised jumping from two feet, one foot, and landing on two feet and one foot. Some children even challenged themselves to do a quarter turn as they jumped. We played a game with a partner to practise our skills and even thought it was very cold outside we all got hot very quickly!

Wow great jumping George and Elisha!

Our RE learning has been all about things that are special to us. We enjoyed telling our friends about our special objects.

Star Learners

Well done Harvey, you wrote a super fantasy story that included extended sentences and was exciting to read.

Next week we will create our own frozen landscapes in art.

We will link our PE learning to our theme as we do some Inuit dancing.

In our English learning we will start some non-fiction writing.

Information for Families

Thank you for all the shoe boxes we now have, keep them coming!
