

Year Two Learning Letter

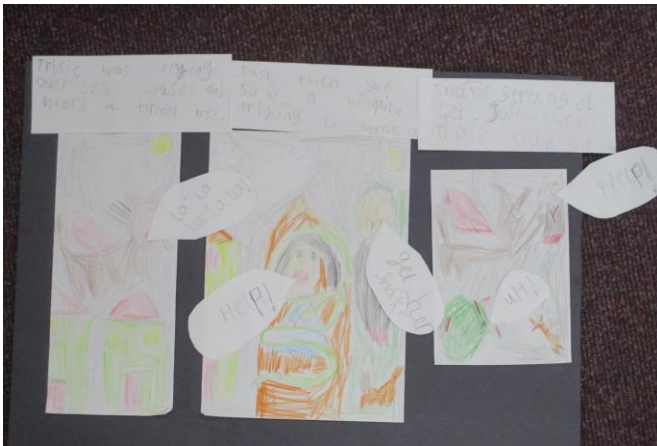

Ongar Place Primary School, Addlestone, Surrey 01932 842785

20th October 2017

Learning Journey

This week in English we have been creating superhero comic strips including speech bubbles and captions. We have also begun to explore the different types of sentences - statements, commands, exclamations and questions.

In Maths we have been practising adding and subtracting 10 to any 2-digit number. We have looked for patterns in the answers and used number squares to help us.

In RE we learnt the story of Jonah and the Whale. We had great fun acting out the story and writing postcards that Jonah might have sent from Ninevah. We also thought about how the messages in the story help Christians to live their lives.

Star Learner

Our Star Learner this week is Leo for trying hard to include detail in his writing so that it is interesting to read.

Well done Leo!

The results of our Science experiment are in. Can you tell which slice of bread Mrs Reed touched before she washed her hands?

Information for Families

Back to school - Monday 30th October

We hope lots of parents can join us on Monday 6th November to see what we get up to in lessons first hand.

Have a great half term break.
