

# Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

23<sup>rd</sup> March 2018

## Learning Journey

This week we have been busy completing some assessments. The children all tried very hard and have done really well.

In RE, we have been learning about why Christians celebrate Easter and exploring different Easter traditions.

In our topic learning we have been finding out about which countries different Arctic animals can be found in.

We had so much fun doing our Sponsored skipping on Wednesday. Please we all did really well and hopefully we will raise lots of money for the British Heart Foundation.

## Star Learners

This week Oliver and Luca have demonstrated great concentration, taking care and checking work well.

## Next Week

We will be baking some Norwegian cookies to end our Frozen learning.

We are also planning to watch the 'Frozen'. This film does have a PG rating and if anyone has any concerns about their child watching this, please come and speak to one of us.

## Information for Families

We are not setting any home learning over Easter. If you would like some practice activities for your child over the holiday, come and see one of us or put a note in the reading diary and we will send some home.
