

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

24th November 2017

Learning Journey

We are busy practising our singing and acting for the Nativity and our performance at the Café Community event.

In English this week we have been reading poems with repeating patterns. We have also had a go at writing our own poems about things we might have seen on a trip to the farm and what we would put into a magic box. We tried to be imaginative so that the poems would be interesting to read.

In Maths we have begun learning how to multiply by 2, 5 and 10. We have looked for patterns when we count in steps of each number and used these to help us. We are also using 'Percy Parker' songs and games to help us learn our times tables.

Star Learners

Our star learner this week is Tia for using super adjectives in her 'Walking around the farm' poem.

Next week we will be solving problems involving multiplication by grouping objects into groups of 2, 5 and 10.

We will be continuing to read and write our own poetry, using adjectives to make our poems interesting.

In Science, we will be looking at how some materials are best suited for certain things.

Information for Families

Tuesday 5th December - Café Community event at Jubilee School

Thursday 8th December and Friday 9th December - Nativity

Tuesday 12th December - Christmas lunch

Wednesday 13th December - Pantomime trip
