

Year Two Learning Letter

Ongar Place Primary School, Addlestone, Surrey 01932 842785

28th September 2018

Learning Journey

This week in English, we have been exploring settings within stories. We have read the book 'Traction Man is here' and described the different real and imaginary settings.

In Maths we have been revising number bonds to 10 and using these to help us solve addition and subtraction calculations involving number bonds to 20 and 100.

On Wednesday, Luke from Perform Drama came to run a workshop with us. He taught us a dance and a poem about the circus. We also took part in some drama activities, pretending to help the clown and played some games. It was great fun!

Star Learners

Tyler used some fantastic vocabulary to describe the characters in 'Traction Man' this week.

Tommy has been working hard at writing sentences independently.

Well done to you both!

Times Tables Rockstars

We have signed up to TT Rockstars, an online program to support children in learning their times tables at home. We have looked at the program in class and children have been given their own login details (in Reading Records). Parents are able to access the program with their children at www.ttrockstars.com.

Information for Families

Thursday 4th October - Harvest Assembly

Friday 5th October - Flu immunisations

Please keep bringing in your donations for our Harvest collection.
