

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 9
18th November 2016

Our Learning Journey

In Art we used seaside objects to sketch from 4 different viewpoints and have seen that different objects can be seen. We were all surprised at how different the pictures were.

We have started a poetry theme and have had fun singing and changing words to familiar rhymes and songs.

We have been learning to use multiplication and have used cubes and money to help us.

We have cut out felt pieces for a decoration and we will begin to sew them together next week.

Daniel cutting out his felt pattern.

Focus on Learning

We will be using rhyming couplets to create a poem of our own.

In Maths we will use doubling to support our understanding of multiplying $\times 4$ and will continue to practise our tables.

We will be investigating the property of permeability in rocks when we have Science.

We will be using a simple coding programme to show cause and effect.

Star Learner

Well Done Dillen who has had a great week. Mrs Slater has been very pleased with his spelling. He has been doubling very accurately in Maths and Mrs Tuttle is pleased with his reading. He has also taken great care in his home learning tasks.

Reminders to Families

We hope you liked your child's photograph - don't forget to bring it back to school.

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book.
