

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 4  
7<sup>th</sup> October 2016

## Our Learning Journey

We have had another busy week in Beech Class.

We have worked hard on explaining the value of a number and where it should be placed on a number line with divisions marked. We used dice and played a 3 in a row game. Most of us challenged ourselves to work with hundreds and some of us attempted to use thousands.

Our top scores are improving in the apps we use on our I-Pads.

Here is Theo with his top score of 1,200 Well Done

We have enjoyed using part of a story to write in our own words and then to use our own ideas for the ending. We all tried to use the clues to help with the ending and to include adverbs.

We have sorted out which geographical features are human and physical.

## Focus on Learning

Next week we will be using a space story to identify vocabulary which describes the setting and working out the 4 main parts to the story.

In Maths we will be using rounding and place value to support addition.

In Science we will be learning how seeds are dispersed.

## Star Learner

Well Done to Charlie V for showing great focus in his story writing and using exciting language.

## Reminders to Families

For this half term, the children will be swimming on Tuesdays and having indoor PE on a Friday morning. If you are able to help with swimming, please contact the office.

All children need to bring in their reading books and records everyday. They will be checked every morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.
