

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 11
2nd December 2016

Our Learning Journey

We have had another busy week and worked hard.

We have enjoyed working in a small group to change the words of a song that tells a story. We have used different types of transport.

We know that a dog walk revealed the important dig of Star Carr and that flint, tools, part of a paddle, part of wooden house posts and jewellery have been found. We used a non-fiction text to help our understanding too.

Learning about different types of rock was fun – we watched a clip from Bill Nye the Science Guy and used chocolate to make our own rocks!

Our cave paintings are now finished – we have given our creature an outline and we have, “signed,” using our hands just like the stone - age people.

Focus on Learning

We will be using rhyming couplets to write limericks of our own.

In Maths we will be working on inverse relationships between multiplication and division.

We will be learning how Moses is a very special person in Judaism.

We will continue to paint our sea paintings.

Star Learner

Well Done to Jessica B who has been making great progress. She has spent a lot of time working on her handwriting and she is proud of her work. Mrs Tuttle and I couldn't believe our eyes and all the children were impressed too.

Reminders to Families

Please can you make sure that healthy snacks are brought in for us to have at play -time.

Please remember to make sure an outdoor PE kit is in school.

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book.
