

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

Issue Number 18  
3<sup>rd</sup> February 2017

## Our Learning Journey

We have had an enjoyable week and particularly liked our Science Days. Our home learning really supported which food groups they were from. We were not surprised that the foods we really like are the foods that we should not be eating too much of!

Our food tasting was fun and we found out that some of us put fruit as their most favourite whilst others placed cake and biscuits as their favourite!

We really enjoyed seeing science in action and loved seeing the leaf blower keep a beach ball up in the air. Making slime was good too. We didn't have much success in it changing into a bouncy ball though.

## Focus on Learning

**Next week:**

**Following our learning on Nutrition:**

**We have designed a healthy and unhealthy sandwich in small groups. We have agreed which ingredient/s we will be responsible for. We will be creating our sandwiches next Thursday. Look out for our "Don't forget to bring....."**

**There will be nothing that has nuts. If you have any worries or concerns about this – please contact the office.**

## Star Learner

Well Done to Daniel who thoroughly enjoyed the Science days and brought in a science book to share with other children. He is involved in his learning and both Mrs Tuttle and Mrs Denyer have commented upon his positive attitude to tasks and activities.

## Reminders to Families

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book.

**It is the season for sniffles and coughs. We would be very grateful for boxes of tissues.**

**Thank you.**
