

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 33
6th July 2018

Our Learning Journey:

We have had a good time in Year 4 and have been writing, reading and doing Maths calculations as well as drawing.

We really enjoyed creating our Lowry Pictures and they show great care and attention to movement.

We have considered what a Mega – city is and we now know that more than 10 million people need to live there. We have thought about some of the features of a mega -city and considered what is good and bad about it.

We have been looking at stories that have Anase as the main character and we had a great time creating our own plays based on a tiger. We were not too far away from the real story!!

Well done to Rock Steady – another great performance.

Next Week:

We will be looking forward to our first District Sports in KS2. Don't forget to bring a water bottle.

We will listen to and use stories from India to consider a different setting and interactions between characters.

We will look at how Baghdad became the first city to reach 1 million people.

In maths, our focus will be weighing and reading data from pictograms and bar charts.

Star Learners -

Well Done to Lilly- Rose who has painted and decorated her string puppet. She has added a sparkly zip and watch to her puppet which has made it stand out.

Reminders to Families

Please make sure that your child's reading record is in school. They are checked in every day.

Please could the children bring in a large potato to use for weighing.

Thank you.
