

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 33  
7<sup>th</sup> July 2017

## Our Learning Journey

We had a good time with our new Teacher's- Mrs Meade and Mr Good and we enjoyed having just half a photograph of our face to add the other half using pencils.

We have set up a Science investigation to see how conditions affect plant growth using cress seeds. We are surprised that the seeds that are covered with boxes have grown taller than the seeds without a cover but the colour of them are an unhealthy yellow!!

We have also been learning about Roman soldiers and how they wore the same type of armour. We have drawn a picture of a Roman soldier that used step by step instructions.

Thank you to all the children who have brought in their cakes to share with everyone.

Being outside using a table in the area that Mr Rainbow cleared for us is great. We have been able to create stories with our puppets.

## Focus on Learning

### Next week:

We will be considering how settings influence characters and what they might do.

We will be learning about the importance of Lord Shiva in the Hindu religion.

We will be learning about the Roman legacy.

Maths will focus on subtraction using counting on and the expanded method.

## Star Learners

Well done to Charlie P, Theo, Alfie S, Reece, Ralph, Oliver, Jess B, Tilly, Ava and Lauren who represented year 3 at District Sports this week. They all said they jumped when the starting pistol was used. Mrs Tuttle accompanied them and said they were all well behaved and cheered each other on.

## Reminders to Families

If your child has any school books, please could they bring them back to school next week.

We will be sampling Roman food - bread, grapes, olives and feta cheese. There will not be any nuts as we are a nut free school but if there any problems please let the office know.

**Thank you.**
