

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 13
8th December 2017

Our Learning Journey

We have had another busy week and although we have taken assessments for Reading and Maths, we have also...

- investigated magnetic and non- magnetic materials.
- used clips from Bill Nye the Science Guy to learn how different types of rock are formed
- reinforced our understanding of inverse relationships between multiplication and division and realise that our table knowledge is very important to being accurate.
- finished sewing our Christmas decoration and are really pleased with them. We hope you like them too.

- thoroughly enjoyed watching the dress rehearsal of the Nativity and loved the costumes, singing and dancing.

Focus on Learning

Next week:

We will be visiting the church to rehearse our Carol concert.

We will be wearing Christmas jumpers for our Christmas dinner.

We are really looking forward to the pantomime and hope our voices hold out!!

Star Learners-

Well done to Jake and Jason who have written a poem which includes repetition.

Reminders to Families

This half term, the children will take part in Rugby. They will need an outdoor PE kit with trainers. A hat, spare socks, fleece and joggers will help to keep us warm. A plastic carrier bag for muddy trainers would be very useful too.

To support our science learning, please could your child bring in a small sample of soil in a 2l bottle. We will need this after Christmas.

Thank You
