

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 1
9th September 2016

Our Learning Journey

Welcome back to school - the term has started very well with everyone settled and enjoying their new year. The children have been playing on the field and using the trim trail. We have also been running round the field and playground.

We have identified lots of things we know about ourselves and used this to record a simple fact file. We know that rules are everywhere and have recorded an example of a rule!

Some of us have brought in our beans and we have identified the different parts and what they need in order to survive. If anyone else has a bean plant at home, it is not too late to bring it into school.

Focus on Learning

Next week we will be using powerful words to describe a setting and a character. We will be using Narnia as an example of description.

In Numeracy we will be learning to enlarge pictures and using strategies for adding numbers.

We have begun to discuss an agreed set of rules to make sure we all help each other learn in school. A copy of this will be displayed in our classroom soon.

Star Learners.

Well Done to Callum who has begun his year with great enthusiasm and responded to all the new challenges. He has contributed to all discussions very expressively.

Reminders to Families

The children look very smart in their new uniform. Please could you ensure that all uniform is named and children have a PE kit in school.

For this half term, the children will be swimming on Tuesdays and having indoor PE on a Friday morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.
