

YEAR 3 WEEKLY LEARNING

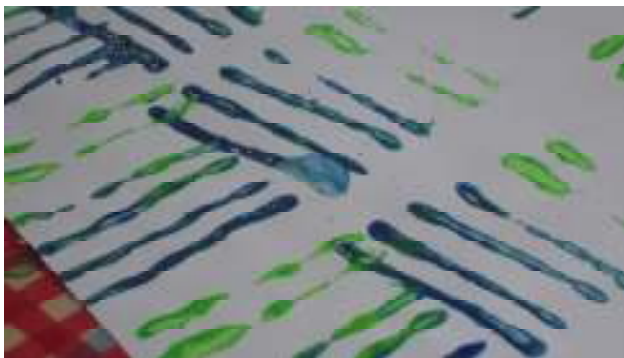

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 26
10th May 2019

Our Learning Journey

We are enjoying our printing theme and wrapped string around a block to create a string print.

We have considered the importance of Communion for Christians and can explain what the religious objects are used for.

Despite the rain, we all enjoyed our first swimming lesson of the summer!!!

Thank you for coming to watch our assembly. We hope you enjoyed it as much as we did.

Focus on Learning

Next week we will write our own poetry based on the poems of Michael Rosen.

We will be using standard measures to calculate perimeter.

We will continue our printing art theme.

We are going to consider what the term mega city means.

Star Learners

Well done to everyone for a wonderful assembly. You all worked hard and made sure your voices were heard.

Well done to Oliver and Matthew for creating very pleasing string prints.

Reminders to Families

Please bring in your reading record as they are checked every day.

Remember to bring your swimming things.

Thank you.
