

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 15  
12<sup>th</sup> January 2018

## Our Learning Journey.

We have all had a good start to the new term, after having had a great holiday. Thank you to everyone who gave me so many lovely Christmas gifts.

We have written a detailed account of our holiday.

We have considered how we know about the people who lived in the Stone Age and have carved our own animal in soap to help us remember.

These carvings have been done by Reuben, Max, Lenny-Dean and Imogen.

We have made chocolate rocks to help us remember igneous, sedimentary and metamorphic. We were pleased that some of them worked very well. Once again, we used a Bill Nye the Science Guy clip to help us remember the 3 different types of rock.

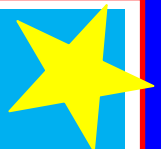

## Next Week

We are going to use words and phrases from a story called The Shirt Machine to write a detailed recount using paragraphs.

We are looking forward to our Science days and will be focussing on healthy eating.

We are planning to make a honey cake that is eaten at Rosh Hashanah - a Jewish festival. The ingredients are: flour, salt, cinnamon, all spice, honey, sugar, eggs, coffee and orange juice. If there are any concerns, please contact the office. Thank You.

## Star Learners-

Well done to Max who was very articulate and contributed to our Science learning about Rocks.

## Reminders to Families

Please make sure that all children have their outdoor PE Kit, including extra socks and a hat at school. Please enclose a bag just in case their trainers get wet and dirty. There are 9 children who do not yet have their full outdoor PE kit in school.

Thank You
