

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 6
13th October 2017

Our Learning Journey

We have had another active week and participated in Sports Science investigations. We have investigated the efficiency of different steps and found that although running is speedy, steps such as galloping and skipping are almost as fast. We also found out that we can run about 50m in the time it took Usain Bolt to run 100m!!

We enjoyed playing foot pool and realised that our kicking was not as accurate as it could be!!

We are enjoying swimming.

Focus on Learning

Next week:

We will be developing our sentence structure by including adverbs, connectives and simple noun phrases.

We will be doubling and halving 2 digit numbers by using partitioning and using a number line to solve subtraction calculations.

We will be learning how seeds are dispersed and the importance of this.

Star Learner-

Well Done to everyone for another enthusiastic approach to all the sports activities that we experienced this week.

Well Done to Simmy who wrote a detailed description of an imaginary planet.

Reminders to Families

Don't forget to bring your PE kit back to school for next week.

Swimming will take place as normal.

All children need to bring in their reading books and records everyday. They will be checked every morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.
