

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785  
Issue Number 34  
14<sup>th</sup> July 2017

## Our Learning Journey

We have set up a Science investigation to see how conditions affect plant growth using cress seeds. We are now surprised that the unhealthy yellow cress has turned green and cress that had begun to wilt and droop have now recovered with a drink of water!!

We walked up to Jubilee High School to see the dress rehearsal of Ali Baba and the Bongo Bandits. We all thoroughly enjoyed it.

We learnt about Lord Ganesha and have discovered why he is the form and size he is.

We have been learning about maps and how symbols are used. We have created our own map showing our learning.

Some examples of our puppet making: rod, string and glove

Grass heads growing very tall!

More delicious cakes to share!

We can hardly believe it - our year has almost finished. The children say that they have enjoyed the first day and will enjoy the last day!!

Their highlights have been: making healthy and unhealthy sandwiches, football literacy, puppet making, cave painting, chalking shadows, district sports, French and Italian days, moving to free readers, Well-being week, dinosaur finding, chocolate rocks, rock investigations, all Roman learning, Boudicca learning, rugby competition, Smartie fractions, making bracelets, visiting Butser Farm, wooden spoon puppets, sewing a Christmas decoration, quest stories, creating a Bourbon biscuit Stonehenge, cake making, growing cress and grass heads - Really everything!!

## Star Learners

Well done to all the children in Year 3. You have all worked incredibly hard and should be very proud of yourselves. Mrs Tuttle, Mrs Matchett and I will miss all of you.

## Reminders to Families

If your child still has any school books, please could you make sure they bring them back into school.

**Thank you.**
