

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 5
14th October 2016

Our Learning Journey

We have created an imaginary setting with a partner and worked to describe them using detailed language. We have completed the ending for a story. We are working on sentence structure and this week some of us focussed on tenses whilst others focussed on presentation.

We have used rounding as a strategy for addition and know that this can help with sensible answers. We have used place value to support doubling. Discussing how to find an answer in a team provided a great deal of fun.

In Music we have been learning to play the ukulele by plucking and strumming. Some of us had to have a plaster!

Working on different Geographical places and matching appropriate vocabulary to pictures.

Reading
with Jemma

Focus on Learning

Next week we will write up a space story using our plan of the 4 main parts to the story.

In Maths we will be using number lines to calculate subtraction.

We will be matching appropriate vocabulary to a seaside beginning to create a leaflet.

Star Learner

Well Done to Rosie who has challenged herself in both her story writing and speed of maths calculations.

Reminders to Families

For this half term, the children will be swimming on Tuesdays and having indoor PE on a Friday morning.

If you are able to help with swimming, please contact the office.

All children need to bring in their reading books and records everyday. They will be checked every morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.
