

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

Issue Number 23
17th March 2017

Our Learning Journey

We have researched are chosen subject to add information to our notes and have started to create our own non-fiction booklet.

We enjoyed using, “Smarties,” as a way of using fractions. We found it easier to see and record non unit fractions. We have also worked on adding tenths of fractions together.

All of us thoroughly enjoyed our Inter – House day and took part in a variety of activities. These children were representing their house in Art where MacArthur was the winner.

This has been made by Roxy in Mrs Tuttle’s sewing club.

We have begun to learn about the Sikh Religion and have been introduced to the story that explains how the Khalsa, (code of conduct,) was created.

Focus on Learning

Next week:

We will be starting on a new theme of Plays and will be looking at how they are presented.

We will be returning to addition using partitioning, expanded and compact methods.

We will continue to develop our understanding of the Sikh religion.

We are continuing to rehearse our songs and words for our production.

Star Learner

Well Done to Charlie P who has been trying really hard to present his learning carefully. He has shown a positive attitude to learning and was particularly commended on this by Mrs Brown, who was impressed with his team spirit and sportsmanship.

Reminders to Families

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book. There are still a number of children who do not bring in their books.

Please could the children bring in an old plain white pillow case in readiness for a DT project.

Don't forget to get your tickets for our Production of Dick Whittington.
Thank you.
