

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 14  
18<sup>th</sup> January 2019

## Our Learning Journey

We have enjoyed learning about key words that support a subject and came up with lots of words that match football. We used an example of a football report to identify connectives that signal time and made a list in order to use in our own report.

We have shown that we are becoming accurate when using number places to add 1, 10 and 100 to a 3 digit number. We are able to use our place value knowledge to sequence numbers.

**We are enjoying learning to dance!!**

## Focus on Learning

Next week we will use our chosen key words and time connectives to record a football style report. We will also be making up our own plays based on traditional tales

In Numeracy using the method of partitioning and expansion will be used with addition. We will also be focusing on tenths in our fractions learning.

We will learn how cave paintings provide evidence for Stone Age understanding. In computing we will continue to use ScratchJr.

## Star Learners

Well done to Brandon who is showing great determination towards writing.

Well done to Susan, who persevered when solving fraction problems in maths.

## Reminders to Families

Please can all children bring their reading books and records every day. They are checked every morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.

**Thank you.**
