

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 16
19th January 2018

Our Learning Journey.

We have used the story, “The Shirt Machine,” to show our understanding of commas, detail and paragraphs. We have begun to analyse vocabulary that is used to report on a football match. Mrs French was very pleased with Jayden.

We have been thinking about Jewish celebrations and enjoyed learning about Rosh Hashanah. We have made a honey cup- cake to help us remember that honey is used to symbolise a sweet year.

Harvey, Findlay, Reuben and Lenny – Dean made up the batter for our honey cakes: we really enjoyed them. Thank you.

We had a good workshop looking at how light travels and how white light is made up of red, orange, yellow, green, blue, indigo and violet. We used torches, blocks and CD’s to support our understanding.

Next Week

We are going to write a report based on a football match. We are going to use newspaper features to write up the croquet match between Alice and the Red Queen.

In Maths, we will continue to work out change and return to multiplication and division.

In History, we will be learning about the importance of Stonehenge.

In PE, we will be working on different gymnastic rolls.

Star Learners-

Well done to Jason who used his reading skills very well to further his understanding of the Mesolithic period in the Stone Age.

Reminders to Families

Please make sure that all children have their outdoor PE Kit, including extra socks and a hat at school. Please enclose a bag just in case their trainers get wet and dirty. There are still 4 children who do not yet have their full outdoor PE kit in school.

Thank You
