

# YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 7  
20<sup>th</sup> October 2017

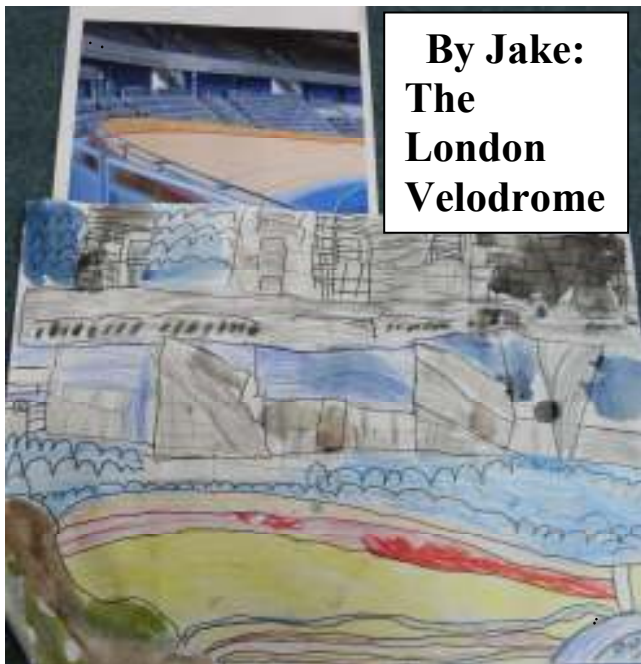

## Our Learning Journey

We all enjoyed our Skipping workshop and some of us participated in a skipping performance on Thursday afternoon. Oliver was very pleased as he and his brother were picked to show what they could do.

Everyone enjoyed Inter - House Sports Day last week and each house were victors in different activities. All trophies are displayed in the cabinet in Reception.

We have used our planning sheet to write up a story and included paragraphs and detail. We have also been learning to use adverbs in sentences.

We have been using I-pads to control space craft in a coding programme and have been able to include a timer to control when they move.

London  
Velodrome

## Focus on Learning

### After half -term

We will be using a planner to plan our own imaginary story and begin to write it up.

We will be reinforcing our number bond knowledge to 10 and 100 and continuing to use a number line to solve subtraction calculations.

We will begin a new science topic focussing on Rocks.

## Star Learner-

Well Done to Jake who worked hard on his artwork for his house competition and has been very accurate in using a number line to support subtraction calculations.

## Reminders to Families

After half term, the children will take part in Rugby. They will need an outdoor PE kit with trainers.

All children need to bring in their reading books and records everyday. They will be checked every morning.

Children can bring in a healthy snack or a small amount of money to purchase a snack at playtimes.
