

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 30
21st June 2019

Our Learning Journey

This week has been busy and we have enjoyed thinking and learning about jobs and careers. We have thought about our own life journey, what we would like to be when we grow up, what we know about ourselves and completed a simple school cv form.

We loved learning about different jobs and what skills are needed for them. Thank you to Jess Sparkes; who explained what she has done in order to get into a drama academy.

Jess is being asked questions about her drama, singing and dancing and is explaining that she went to school as well as attending training for 17 hrs per week!!

We have turned our string pictures into foil art and are very pleased with the results.

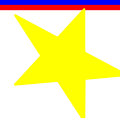

Focus on Learning

Next week we will begin to record our own myth using our own story board to help us.

In Maths, we will be reinforcing our knowledge of unit fractions with shapes and small numbers.

We are going to use scones to discover how smell, texture and taste affect our liking for them. If you do not wish your child to take part, please let the office know.

Star Learners

Well Done to Maya and Millie; who have identified qualities and skills that they possess and written a paragraph about this.

All the children have shown thoughtful and considerate responses to our careers week,

Reminders to Families

Please bring in your reading record as they are checked every day.

Thank you.
