

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 6
21st October 2016

Our Learning Journey

We have been working with a partner to create a balance which we will include in our movement sequence.

Learning to copy, paste and format an image has been used to support a leaflet based on the sea side. We were able to add text to explain the picture we imported.

We have used a plan to write up a story and know that notes can help with details. We have been trying to use cursive script in our writing.

Rounding up numbers has been helped with a little rhyme –

“ 5 and over – give it a shove,
4 and below – let it go.”

Dennis and Josh using the I-pad to increase their speed with number bonds up to 10 and beyond.

Focus on Learning

After half term we will be learning to use speech marks and use our story plan to create our own fantasy piece of writing.

In Maths we will continue to use number lines to calculate subtraction.

We will use paint to darken and lighten different shades.

Star Learner

Well Done to Jemma who is showing great determination in her learning. She has use cursive script in her writing and worked independently on her Maths work.

Reminders to Families

Next half term, the children will be having outdoor PE on Tuesdays - the children will need an outdoor PE kit for this lesson. Indoor PE will continue on Friday mornings.

Thank you to all everyone who helped with swimming.

All children need to bring in their reading books and records everyday. They are checked every morning.
