

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 20
24th February 2017

Our Learning Journey

We have completed writing our recipes for the sandwiches we made and were able to be ordered. We have created a simple fact file based on ourselves.

We have continued to consolidate reading time. If you could help and support your child at home, this would benefit children who are finding this tricky.

We have begun to practise different moves that we can use for our performance of Dick Whittington.

We used Windows Movie Maker to import photographs and enjoyed adding slide and transition effects.

Can you guess who our new child might be??

Focus on Learning

After half term:

We will continue to look at how information can be presented and explain the different features seen.

Our maths will continue to focus on fractions. We will find answers to simple number relationships.

We will consider how a skeleton protects humans and animals.

We will be using, "The Twits," as our focus for Learning on World Book Day.

Star Learner

Well Done to Emily who has worked hard this week and supported children with Windows Movie Maker and reading the time. She has brought in Maths Learning to share with others too.

Reminders to Families

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book.

Thank you to everyone who has brought in their costume this week. If there is any problem, please let me know.
