

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785
Issue Number 26
28th April 2017

Our Learning Journey

We were all really proud of our singing and dancing in our production of Dick Whittington.

We also really enjoyed our trip to Butser Ancient Farm. We all behaved very well and enjoyed the activities of jewellery making, pottery and clunching.

Thank you to Mrs Sussams, Mrs Couzens, Mrs Hart, Mrs Bollen and Mrs Newlands for helping us all to have an enjoyable day.

We have enjoyed writing a simple play script based on performing a familiar story and will return to this theme later in the year.

Focus on Learning

Next week:

We will begin to make our patterns for our chosen puppet.

We will be adding and subtracting simple fractions which have the same denominator.

In RE we will be learning about the marriage ceremony in the Sikh Religion.

Star Learner

Well done to Josh N for showing an enthusiastic approach to learning. He has worked very hard on fraction learning using unit and non unit fractions as well as demonstrating his understanding of equivalent fractions. He has also been an expressive character in a group play.

Reminders to Families

Please continue to encourage your child to place their reading book and reading record into the box as they are checked every day.

We would really appreciate newspaper and empty 2 litre soft drink bottles for our puppet making theme.

Thank you
